TOWN WARRANT

To the Inhabitants of the Town of Peterborough, in the County of Hillsborough, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Town on Tuesday, the ninth day of March next, at eight-thirty of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary for the maintenance of the poor, for the laying out and repairing of the highways, and for all other charges arising within the Town, and appropriate the same.
3. To raise and appropriate such sums of money as may be necessary for the support of the Fire Department and Public Library, and for Memorial Day.
4. To see what sum of money the Town will vote to raise and appropriate toward paying the Town debt and interest.
5. To hear the report of agents, auditors, and committees, or officers heretofore chosen, and to pass any vote relating thereto.
6. To see if the Town will vote to instruct the Selectmen to appoint a Police officer, or as many as may be necessary, to preserve order in and about the public places of the Town, and perform other duties as may be required by the Selectmen, both day and night, and raise and appropriate money for the same.
7. To see if the Town will vote to accept legacies and gifts given to the Town in trust by any individual or individuals.
8. To see if the Town will vote to raise and appropriate the sum of Eight Hundred Sixty-two Dollars and Forty cents (\$862.40), provided the State gives Thirty-Four Hundred and Forty-nine Dollars and Sixty-one cents (\$3,449.61) for road maintenance and construction on Class Five highways.

9. To see if the Town will vote to raise and appropriate the sum of Three Hundred and Eighty-Three Dollars (\$383.00) to the Monadnock Region Association for calling attention to the resources of this region.

10. To see what sum of money the Town will vote to raise and appropriate toward paying for electricity, both for power and lighting purposes to be used at the new swimming pool on Union Street.

11. To see what sum of money the town will vote to raise and appropriate for the suppression of Gypsy and Brown Tail Moths, or any other insect or pest.

12. To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars (\$500.00) for the use of the Town History Committee.

13. To see if the Town will vote to authorize the Selectmen to sell and dispose of the dwelling and land, left to the Town by the late Eben W. Jones, or take any other action relating thereto.

14. To see what sum of money the Town will vote to raise and appropriate for Civilian Defense in Peterborough, or take any other action relating thereto.

15. To see what sum of money the Town will vote to raise and appropriate for the maintenance of the Ground Observer Corps or take any other action relating thereto.

16. To see what sum of money the Town will vote to raise and appropriate for the repair, or reconstruction of the Old Mountain Road, from a point nearly opposite Bass's gate to a point nearly opposite the French place, or take any other action relating thereto.

17. To see what action the Town will take to provide for a Town Non-Partisan Ballot System, in accordance with Chapter 22, Laws of the State of New Hampshire, 1943.

18. To see if the Town will vote to instruct the Moderator to appoint a committee to study the sources of our Electric Power supply and see what can be done to provide better electric service into Peterborough, or take any action relating thereto.

19. To see what sum of money the Town will vote to authorize the Selectmen to borrow in anticipation of taxes.

20. To see if the Town will transact any other business that may legally come before this meeting.

Given under our hands and seal this 22nd day of February in the Year of our Lord, Nineteen Hundred and Forty-Three.

HARRY F. SMITH
RICHARD ALLEN DAY
CAREY A. WALBRIDGE
Selectmen of Peterborough

Recommendations of the Budget Committee for 1943

For many years, there has been criticism of the amount of space taken up in the town report by single item lines and end spaces at the bottoms of pages. In conferences with the selectmen and the Transcript Printing Co., we have made various suggestions for eliminating waste of space to save money and effort in preparing the report. In several departments it did not seem advisable to shorten the space used, such as water and tax details which aid collections, and vital statistics, which have to be given in full. The saving will not be as large as anticipated, but we feel it is justified, especially because it made the report a little easier reading.

The item of Highway Oil calls for \$6000. Last year we recommended \$5000 believing that no more than that much oil could be obtained, but the situation improved afterwards and the department was able to buy and use \$6,629.04 worth. The preservation of our highways is most important now.

The library will be able to carry on with less money, due to greater income and this appropriation has been cut \$1,000 to \$1,000.

We believe that the Adams Playground schedule is more than it needs to be for the playground itself, considering the comparatively small number of children who use it. Based on expense for salaries in former years, when there were quite as many children as now, we recommend that the item be cut \$230, making the total appropriation \$520. The chairman of the committee has agreed to explain to the Town Meeting why \$750 should be granted, same as last year.

The selectmen have agreed with us that the brick work in front of the Town House should be repaired at once in a thorough manner.

The School Board have estimated savings in the items which we criticised last year: \$350 in books and supplies, \$150 in water, light, and janitors' supplies, \$300 in minor repairs and expenses, \$300 in new equipment, total \$1,100. They are also saving \$14 in lower per capita tax and \$200 less interest, but the above \$1,100 is the real accomplishment. Unfortunately, the Schools expect a tuitions loss this year, due to reduced attendance from out of town. They estimate this will be \$1200. The item "Teachers' Salaries" remains the same and is difficult to reduce under the present conditions.

We have inquired of the school board what are their plans in regard to the Jones property and have been given to understand that there are plans of the land drawn up, though they did not exhibit them to us, nor were they clear as to how much or what part of the land they wanted. We were desirous of knowing this definitely and advised them that we should be

opposed to selling them a piece of land unless there were reserved a right of way for a town road to the balance of the land. Prior sale of any land which blocks off access to the unsold balance will make almost worthless this balance and the selectmen are bound to get the best possible price for all the land for the benefit of the library, as provided in Mr. Jones' will.

We feel that we were mistaken last year in eliminating the moth appropriation. Damage was done to the trees by not spraying for moths and this should be resumed this year.

The proposed 1943 budget calls for appropriations of \$7,679.21 less than those actually made at the 1942 town meeting. The county commissioners have estimated a county tax this year of \$22,466.38 for the town of Peterborough, which is \$6,113.03 less than the county tax of 1942. The sum of these two savings is \$13,792.24, the committee's reductions this year exclusive of any appropriations the voters may make at the coming town meeting.

The town debt is \$9000; for water bonds, payable \$2000 per year. The school debt is \$20,000; payable \$5,000 per year.

Again we express our appreciation of the cooperation given us by the selectmen, the school board and all town officials.

BELAND H. PEIRCE, Treasurer,
Adams Playground Committee

Adams Playground Committee Report

The plan of co-ordinating the program at the Playground and Swimming Pool was continued again this year, in order to give the town a program similar to that of a summer camp without the necessity of the children being away from home. Mr. Elliott Keach, Principal of the local High School, was director of this program, and was assisted by Miss Nadene Nichols. Mr. Theodore Reynolds was engaged for part time instruction in advanced craft work. Miss Gertrude Clukay of the Pool Staff also assisted in the co-ordination of the playground and pool program. The committee believing the Playground is for boys and girls of all ages, felt justified in the expense for personnel to carry on a broader program. Through the cooperation of the school board some of the Manual Training equipment was made available for Playground use. The committee wishes to take this opportunity to thank the School Board for their cooperation. The following figures show playground attendance for the years 1940, 1941 and 1942.

	1940	1941	1942
Average daily attendance for both boys and girls	42	68	70

Your committee feels that under war time conditions, and curtailed use of motor cars, that the combined facilities of the playground and pool will be used more than ever this year, and that every effort should be made to provide a well rounded program with adequate personnel.

Your committee feels that further co-ordination between the Playground and the Pool will add greatly to the furtherance of both projects, and we greatly appreciate the cooperation of the New Hampshire State Forestry and Recreational Department, given us by their Recreational Director Russell B. Tobey.

JOHN BELLOWS

LIONEL G. JESSOP
CHAS. M. CUMMINGS

Trustees of Trust Funds

February 2, 1943.

We, the undersigned Auditors of the Town of Peterborough, hereby certify that we have carefully examined the foregoing report of the Trustees of Trust Funds of the Town of Peterborough, N. H., pages 1 to 15 inclusive, and find it correctly cast and properly vouched.

HARRY WRIGHT
WALLACE B. GEORGE
FRANCIS B. DONOVAN, Auditors

AUDITORS' REPORT

We the undersigned auditors of the accounts of the Town of Peterborough, New Hampshire, hereby certify that we have carefully examined the foregoing accounts of the officers, committees and others, having charge of moneys, for the year ending January 31, 1943, pages 365-407 inclusive, with the exception of the Weston Memorial Account and the James Smith Fund Account and the Amanda Richardson Account with minor exceptions for which corrections now appear in the assets and liabilities statement. We found them correctly cast and properly vouched.

We did not verify the accounts given us as uncollected taxes and water rents, assuming that their publication will provide an adequate check.

HARRY WRIGHT
WALLACE B. GEORGE
FRANCIS E. DONOVAN
Auditors of the Town of Peterborough

February 23, 1943.

Report of the Librarian of the Town Library

TO THE TRUSTEES OF PETERBOROUGH TOWN LIBRARY:

Herewith is presented the report of the librarian for the year 1942-43:

TOWN LIBRARY

Number of volumes purchased during year	542
Number of volumes acquired by gifts	104
Number of volumes discarded during year	31
Number of volumes now in library	25,017
Number of volumes circulated during year	24,106
Number of pictures circulated during year	84
Number of volumes repaired during year	430
Registrations during year	276
Reading room attendance	5,171
Periodicals and newspapers bought for the Reading Room	51
Periodicals and newspapers given to the Reading Room	27

The following people have presented books to the library during the year:

Mr. Ernest C. Allison, Miss Esther W. Bates, Mrs. George Benedict, Mrs. Walter A. Bryer, Miss Ariel B. Cutler, Miss Martha E. Cutler, Mr. Frederick W. Dallinger, Mrs. George N. Derby, Mrs. Charles C. Goss, Miss Bertha H. Jaquith, Dr. I. R. Johnson, Literary Guild, Miss Francine Mahoney, Mr. Horace Morison, National Woman Suffrage Association, Mr. Allan Nevins, Mrs. Frances D. Nichols, Mr. and Mrs. Walter S. Packard, Peterborough Chapter D. A. R., The Pierson Estates, Mrs. Howard L. Rogers, Mr. Benjamin Rush, Mr. Robb Sagendorph, Mrs. William H. Schofield, and Mrs. Edith Bond Stearns.

Extra copies of magazines have been given by Prof. J. R. Brackett, Prof. H. K. Denison, Miss Esther Jackson, Mrs. Lyman E. Main, Miss Emily Safford.

Flowers have been given for the Reading Room by Miss Ariel B. Cutler, Major and Mrs. A. E. Goyette, Mrs. J. N. Hunt, Miss Bertha Jaquith, Miss Etta M. Smith.

As usual the routine work, buying, cataloging, classifying and mending goes on, helping the children with their reference work, and other patrons to find the answers to their questions.

The Book Week exhibition at the Public Service Store was of special interest, this year, to the boys and girls in school. These books which were on display have been in constant use by them.

The outstanding feature, this year, has been the gift of the MacDowell music by Mrs. MacDowell, through the publishers, and also the contributions, by many of the Colony musicians of their music.

This has been the means of starting a valuable collection of sheet music.

President Roosevelt said, in a message sent to the Council on Books in Wartime at the Pearl Harbor Anniversary, December seventh, the following: "In our country's first year of war, we have seen the growing power of books as weapons. Through books we have appraised our enemies and discovered our allies. We have learned something of American valor in battle. We have, above all, come to understand both the kind of war we must fight and the kind of peace we must establish."

As our slogan during Book Week was "Books in a World at War are Weapons of Freedom," we have tried to purchase books on all subjects relating to this war we are fighting for Books are weapons that will help in the preservation of our democratic ideals, as well as books for recreation.

The second Victory Book Campaign sponsored by the American Library Association, the Red Cross and the United Service Organization, has already started with deposit boxes at the Town Library, the Red Cross Room, and the High School. It is too early to report the outcome of this campaign.

Naturally, as so many people are occupied with war industries in one form or another, the circulation of books has been less than in some previous years in every library in the country. Perhaps though, the library has never meant more to a great many people. Boys are constantly reading the books and magazines about air-planes and flying, as was shown by the great success of Book Week. Young men about to enter the service seek books on mathematics, navy regulations, and the like. Others look for books about Africa and Australia, magazines like the National Geographic and Illustrated London News, which help to keep them in touch with those in the service. Many people read books which inform them about the causes of the war and the kind of peace we hope will come. Others read lighter books designed to help them escape from present day affairs.

Often people, especially those visiting us, from other towns and even cities express surprise at the number, quality, and up-to-dateness of the books we have to offer them. We should be continually grateful for the legacies which make it possible for us to have these books, and for the generous support of the town.

Respectfully submitted,

MARTHA E. CUTLER,
Librarian.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

**To the Inhabitants of the School District in the Town of
Peterborough, Qualified to Vote in District Affairs:**

You are hereby notified to meet at the Town House in said District on Wednesday, the third day of March next, at 7:30 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Treasurer for the ensuing year.
4. To choose two auditors for the ensuing year.
5. To choose a member of the School Board for the ensuing three years.
6. To hear all reports of agents, auditors, committees, or officers heretofore chosen.
7. To raise and appropriate such sums of money as may be necessary for school purposes for the school year 1943-44.
8. To choose agents and committees in relation to any subject embraced in this warrant.
9. To see if the District will adopt a non-partisan official ballot system for the election of school district officials, or take any other action relating thereto.
10. To see if the School District will vote to purchase from the Town of Peterborough or the Peterborough Town Library, a portion of the Eben W. Jones real estate, so called, and to see what sum the District will vote to raise and appropriate to carry out such purchase.
11. To see if the District will transact any other business that may legally come before this meeting.

Given under our hands this sixteenth day of February,
A. D., 1943.

REPORT OF THE SUPERINTENDENT OF SCHOOLS TO THE PETERBOROUGH SCHOOL BOARD

I am enclosing with this, my ninth annual report, the schedule of teachers for 1942-1943, the financial report of the school board and school treasurer, the school board's budget, and other reports belonging to the school department. In order to save space a report of the Central School and West Peterborough is incorporated in my report.

There have been somewhat more than the usual number of changes in our teaching force since the close of school in June.

In the high school Mr. Ernest C. Allison was secured as head of the English department. He is a graduate of Bates College, 1932, M. A. Boston University, 1940. He has taught in Tilton, N. H., and was head of the English department in the Yarmouth, Mass., high school during the past three years.

Mr. Earl H. Leach of the social science department and athletic coach, left us to join the United States armed service on December first, and Miss Marie L. Keefe, Boston University, M. A. 1941, who was teaching in Franconia, N. H., was secured for the social science position, and Mr. Keach took over the coaching of athletics.

For teacher of social science and English in the junior high department, Miss Beatrice M. Woodeson, who has taught for several years in Ossipee, N. H., was chosen. She was secured from a field of several candidates on account of her understanding of and success with pupils of the junior high age group.

Miss Shirley Howard, Posse, 1938, and Hyannis Teachers' College, 1939, was elected to the position of teacher of Physical Education to succeed Miss Carolyn Parren who was unable, at the last moment, to return to her work here.

Mrs. Dena M. Churchill, who had been principal of the Central School for the past five years, gave up her position in June to accept a similar position in Beverly, Mass., at a considerable increase in salary. Miss Helen Phelps, a graduate of Plymouth Teachers' College, with advanced work at Fitchburg Teachers' College, was chosen as principal and part time teacher to succeed Mrs. Churchill.

At the Christmas vacation Miss Phelps resigned her position to take effect the last of January, and Mrs. Esther F. Teed was chosen as principal and entered on her duties February first. Mrs. Teed is a graduate of Bridgewater Teachers' College, with the degree of B. S. from Salem Teachers' College in 1940. She has had extensive experience in lower grade teaching and has also served as a supervisor at Salem Teachers' College.

Although she has been with us but a short time there is every indication that her work is meeting with success.

Miss Jean Fitch was chosen as teacher of grade four and Miss Phyllis Costello as teacher of grade three. Miss Fitch is a graduate of Fitchburg Teachers' College, and Miss Costello of Keene Teachers' College, both receiving their degrees in June, 1942.

Miss Wilda Linderman, who has had long experience in private school teaching, was appointed as part time teacher in grade six, but resigned her position in December.

The enrollment for all schools for last year and the present year is as follows to February 1:

	1941-42	1942-43
Senior High IX-XII	166	158
Junior High VII-VIII	52	67
	<hr/>	<hr/>
	218	225
Grades I-VI	217	213
	<hr/>	<hr/>
	435	438

The above figures show a net gain of three over last year in the total enrollment, but since the opening of school in September there has been a net loss of fifteen in the high school, of one in the junior high, and six in the first six grades. The losses below the senior high school are normal, since they largely represent pupils who have moved from town, but the high school loss of fifteen takes ten from the senior class, all but one being tuition pupils.

These figures indicate a sharp drop in tuition receipts due largely to war conditions and transportation difficulties.

The West Peterborough school with an enrollment of 27, the same as last year, has participated in all the war activities of our schools and made a fine showing. Their Christmas party was a great success. The daily milk and cod liver oil distributed at this school is keenly appreciated.

The meeting of the State Teachers' Association which was planned to meet in Manchester in October was cancelled, but all our teachers attended the regional association meeting held in Keene on November 20th. Our union meeting of all the teachers also had to be called off on account of war conditions.

School expenditures for books and supplies have been kept as low as is consistent with the efficient working of the school plant. We feel that the stock room should be kept well supplied and that an adequate number of books should be purchased to meet requirements. In regard to fuel it has been

the policy of the school department to keep the coal supply adequate to meet any emergency. Our schools are fortunate in this crisis in being equipped with coal burning furnaces instead of oil.

During our war emergency we are finding both teachers and pupils willing and ready to help in all the activities that we are constantly called upon to meet.

In these days of stress and uncertainty we must not lose sight of the true objectives of education. Thorough training in the fundamentals is required now as always. If our boys and girls are to successfully meet the problems they are soon to face they must be prepared to meet those problems. The better co-operation the school receives from the home the more satisfactory the final results will be.

LEWIS S. RECORD

Superintendent of Schools

February 12, 1943.

REPORT OF HEADMASTER TO SUPERINTENDENT LEWIS S. RECORD

I submit herewith my report as Headmaster of Peterborough High School. Incorporated in my report are the reports of the Music Supervisor and Physical Education teacher.

To the youths in our schools, to the teachers, and to their parents, I would like to repeat what Voltaire said to the people of his time: "The young are fortunate, for they will see great things. For us older ones, parents and teachers, it only remains to make straight their way."

Our school has been affected by the necessities of war, just as have all phases of living. We have changed the school time table to conform to War Time for the period from November first to March first. Social events and inter-scholastic competition have been curtailed. Enlistment of several of our boys in the armed services, and withdrawal of others to assume defense jobs has made a lower than usual September enrollment, and still lower at mid-year time.

To win the war is the aim of our nation. Because we are cooperating in the war effort with this aim in view, this report is a cross section of our participation in the war effort.

We rated first among the schools of New Hampshire in total weight of scrap collected. Two representatives, elected by the student body, received an award from the Governor, in his office, on February 2, in recognition of our efforts in this project. The student body has purchased War Savings Stamps and War Bonds to the value of \$1,411.35. The sales, and records of sales, are conducted by the Commercial Department.

A scrap book of war-effort accomplishments has been submitted to the United States Treasury Department. It received favorable comment by Mr. Partlan, State Director. This scrap book is entered on a competitive basis for the National award—a brick from Independence Hall—to each State.

Last fall, 25 of our boys were excused from school, for varying periods of time, to participate in the agricultural program. This was a nation-wide project to aid the farmer in harvesting crops. It is expected that young men will also be needed this spring, to aid during the planting period.

Peterborough High School participated for the first time this year in the surplus food disposition program, sponsored by the Department of Agriculture, which provides a half pint of milk to all pupils for the price of only one penny. In addition to this, through the contribution of the American Guernsey Cattle Club, the local Red Cross Chapter and the Parent-Teacher Association, it was possible to give free milk to those who were thought to be in need of additional nutrition.

A Physical Education program for boys is planned, to begin after the February vacation. This program is in keeping with the recommendations of the Army, through the State Board of Education.

The war production board asked for a twenty-five per cent contribution of typewriters in use in schools throughout the nation. We were unable to meet the complete request, but have contributed fourteen per cent of our typewriters, being one of the few schools to have made this sacrifice to date.

The faculty and some members of the student body have taken part in the following rationing programs:

Wholesale and retail sugar rationing, gasoline rationing, and fuel oil rationing.

We will also be taking part in the issuance of point-ration books some time this month.

The Senior High School courses were re-organized for the year 1942-43, to include Personal Typing, Vocational and Educational Guidance and Principles of Aeronautics. The course in Aeronautics necessitated the training of one of our teachers at Plymouth Teachers' College, in a concentrated course this past summer. Students in the class may take a government examination in June, which, if they pass it, will enable them to qualify for a private pilot's license without further pre-flight instruction, provided they take the required number of hours of flight instruction within a year. In addition to our regular curriculum, classes in Home Nursing, First Aid, Nutrition, Canteen and Junior Red Cross are being held evenings.

We are in the process of organizing a High School Victory Corps, which is an educational plan to promote instruction and training for useful pursuits and services critically needed in

war-time. The basic objectives of the Victory Corps are: (1) The training of youth for the war service which they will engage in after they leave school. (2) The active participation of youth in the community's war effort while they are yet in school.

Students who have been accepted for general membership in the Victory Corps may be organized into special service divisions during their last two years. These divisions are:

Air Service Division; Land Service Division; Sea Service Division; Production Service Division; Community Service Division. Each of these divisions has special requirements and entitles members to wear appropriate insignia.

A special effort has been made to recognize and to understand the Junior High School children as they enter the transition period of adolescence. They are leaving childish activities and entering high school life — but neither their minds, interests, nor bodies can leap the chasm instantaneously. With this in mind, the Junior High School classes, which are larger this year, were organized so that the larger percentage of the classes met with a trained Junior High School teacher. Thus, departmentalization is not abrupt, but a gradual process.

The high school English classes were so organized, this year, that remedial work is carried on individually within the framework of the periods and the assignments themselves. The re-organization of the school library was continued with the cross-indexing of all library cards. Additions have been made to the library, through the loan of books by students, and the use of newspaper and magazine racks, built by the students of the Industrial Arts Department. Further interest in good reading has been fostered through various English classes and the cooperation of Miss Martha Cutler, Librarian of the Town Library. Many students have joined the High School book-of-the-month club and are also purchasing the regular school editions of the Reader's Digest. A new feature of the school library is the pocket-book section, which now numbers some 75 volumes.

The Home Economics Department has stressed conservation of all materials and the use of many food substitutes. A study of Nutrition has also been emphasized, especially in the field of practical application. A complete unit of the course dealing with the Family and its Relationships has been devoted to the study of child development. This should be of help to the High school girls, who have the opportunity of caring for young children as spare time work.

In addition to outside speakers at our assemblies, the Commercial Department has had a number of speakers from various business fields. These people have spoken on their specialties, which has given practical knowledge, to balance the theory part of class work.

The Industrial Arts Department has continued the out-of-school Youth Program, started last year. The program now includes anyone out of school and over 17 years of age. Two courses have been completed, and plans are now on the way to start another class. All operating expenses are paid by the Federal Government. A great deal of new equipment furnished for these classes, by the Federal Government, is available for the regular daily classes in Industrial Arts. A good deal of time has been devoted to work on model airplanes which are used to help in the training of men in the armed forces. During the past year, the Industrial Arts Department has aided the Civil Defense program, and the Junior Red Cross, by constructing articles, to their specifications. These articles will be used by men in the armed services.

The boys in the shop classes have been fortunate in having many opportunities to do practical work, such as the construction of a storage house on the school property, storage closets, gym equipment and the installing of lights in the music room.

A pre-induction training course is to be offered during the second semester. This course has been requested by the Army, as a basic course in preparation for induction into the armed forces.

In keeping with our policy of "keeping our youth informed" we made a decided effort this year, to have our assembly programs deal with current topics. Some of the motion pictures shown were: "Washington in War Time"; "Target for Tonight"; "United States Navy Blasts Marshal Isle"; "The Army"; "The Marines Have Landed"; sports films and South American films. Our speakers have included men from the Army, Navy, R. A. F., a world traveler, a fire insurance underwriter, and a speaker on dental hygiene.

Music classes in the high school are now held in a music room, on the 4th floor of the high school building. This room, formerly used only for storage space, has been renovated in order to free the gymnasium for other activities.

The social-civic activities of this department included a Spring Concert which was well supported by the towns people. The proceeds are being used in the purchase and repair of school instruments. Music was also furnished for the Baccalaureate and Graduation exercises last June. The 1942-1943 school year has witnessed a very successful Armistice Day Program, in cooperation with the American Legion. This program has since been published in pamphlet form. The boys' glee club, solo class, and orchestra have performed at some assemblies and at Thanksgiving. Glee Clubs and grade school pupils presented a Christmas Operetta. The Novettes, a new organization of nine girls, sang for the Rotary at Christmas Time.

What was the grade school orchestra, is now the high school orchestra, composed principally of seventh grade pupils.

Fifty pupils of the Music Department attended the New England Music Festival held in Keene, last year. The annual May Day was celebrated on the "Village Green" and was an original pageant of "May Day Rites and Festivities."

"The Music Hour" textbooks used in the first six grades have been completed with the purchase of the "Teacher's Books." This provides a plan which includes a complete course in music appreciation integrated with every music activity, designed to meet the music requirements in the majority of schools, and gives adequate training for the increased high school program.

In the Elementary and Junior High School grades the physical education program, this year, is very similar to last year's program. Throughout the elementary grades, as in all grades, an effort is made to encourage good body alignment, which will result in greater body efficiency and better coordination.

Inter-scholastic field hockey was discontinued for lack of transportation facilities this past fall. Inter-class competition in this sport did not seem to interest enough pupils to warrant its continuance. We hope to continue an intra-mural program for girls, instigated last spring, which included volleyball, badminton, a tennis tournament, archery, track and field events.

The new emergency program in physical education has been carefully outlined under government supervision. Recommended procedures are published in a manual. Carefully directed, the program should be valuable in promoting stamina necessary to cope with the accelerated present needs. High school girls, having satisfactory medical reports, are being given rigorous well-rounded work-outs, in compliance with the recommendations of the United States Office of Education, and the fitness program mentioned previously.

Respectfully submitted,

ELLIOTT W. KEACH, Headmaster.

REPORT OF MEDICAL INSPECTOR AND SCHOOL NURSE

September, 1941 to January 30, 1943

TO THE SUPERINTENDENT OF SCHOOLS AND BOARD OF EDUCATION:

As a war measure a detailed report of the Medical Inspection Department is omitted this year. The routine work has been carried on as usual. This includes: —

A. By the Medical Inspector: —

1. A physical examination for each student
 - (a) Re-check of all heart murmurs
2. Individual inspection of students and first aid, when necessary, at office.
3. Tuberculin skin test for Seniors.
4. A physical examination for each teacher at office.
5. Reference of students having defects to own physician.

B. By Teachers: —

1. Health Inspection daily by the classroom teacher.
2. Projects — Health
 - (a) Service of cod liver oil.
 - (b) Service of milk.
3. Reporting of symptoms of diseases to the School Nurse.
4. Assistance with records in classes
 - (a) By teachers and students of commercial, home economics and manual training.

C. By the School Nurse: —

1. Visits to schools. Attendance checked.
2. Appointments made
 - (a) For physical examination of teachers at doctor's office.
 - (b) For further examination of students at doctors' office.
3. Exclusion from school of students having symptoms of communicable diseases, or for temporary illness. (In compliance with the State Boards of Education and Health.)
4. Ordering and distributing of supplies including cod liver oil.
5. A. R. C. First Aid Classes (Adults)—two—20 hrs. each
 - Group Grades 4, 5, & 6 (students)—one
 - A. R. C. Home Nursing Class—(Students)—one—30 hrs.
6. Vision Tests and re-tests.

7. Hearing tests and re-tests—using audiometer.
8. Heights and weights of students.
9. First Aid and Dressings.
10. Community Students Health Fund adjustments for clinics.
11. Follow-Up Work
 - (a) Phone Calls
 - (b) Home visits
 - (c) Appointments and arrangements for clinics—
dental—tonsil—and eye.
 - (d) Attendance at dental clinics
 - (e) Notices sent to parents of children having defects
—as found by the medical inspector.

This year a form letter by the Medical Inspector, was sent to parents asking their co-operation in the Dental Hygiene of their children. This was followed by a talk at the high school assembly by Dr. H. W. Dwyer, Dental Director of the State Board of Health.

(f) At Central and West Peterborough Schools, talks on dental hygiene, baths, sleep, rest, and exercise were given by the members of the Home Nursing Class.

(g) Interviews with officials, headmaster, principals, teachers, parents and students.

(h) Records of health inspection and of all work completed.

(i) Monthly report of health supervision sent to the local and State Boards of Education.

The Medical Inspection Department wishes to thank the Headmaster, Principals, Teachers, and all other individuals and organizations, as well as the hospital staff for their co-operation in making the local health program comply with the state program.

Respectfully submitted,

DONALD M. CLARK, M.D.

Medical Inspector.

OLA MYHAVER, R.N., School Nurse.

PETERBOROUGH STATISTICAL SUMMARY

School Year 1941-1942

Whole number different schools maintained full year	10
Teaching positions: (a) filled by men	5
(b) filled by women	16
Changes in year	0
Different individuals employed: (a) men	5
(b) women	16
Different pupils registered	445
Previously registered elsewhere	12
Not previously registered: (boys)	213
(girls)	226
Half days lost: average	6
Half days in session	350
Pupils between 5-8 years of age	85
Pupils between 8-14 years of age	191
Pupils between 14-16 years of age	77
Pupils between 16-21 years of age	80
Pupils over 21 years of age	0
Per cent of attendance	95.45
Pupils not absent or tardy during year	54
Cases of tardiness	257
Number 8-14 not attending any school	5
Non-resident pupils in elementary schools	11
Non-resident pupils in secondary schools	58
Pupils transported at district expense	150
School houses used during year	3
Average salaries of teachers:	
Secondary men	\$1,970
Secondary women	1,325
Elementary men	1,800
Elementary women	1,166
School Board meetings	20
School visits made by Board members	36
School visits made by Superintendent	442
School visits made by Citizens	336

SCHOOL BOARD REPORT

"Schools and the War" might well be the caption of this report. No endeavor, no matter how great or small, has escaped the influence of the present world conflict. Peterborough schools are no exception and the effect on our schools is duplicated in all schools throughout the nation.

Every effort made in this country today is directed toward winning the war. This is as it should be. Business as usual is a phrase to be shelved for the duration. Realizing these facts, a discussion of local problems is presented.

Rationing has taken some of the time and effort which teachers normally use for school work. The educational personnel system is so set up that they, of all agencies available, were best fitted to handle the job of nation-wide rationing. They were consequently given this work to do. They have done it well and we hope that time lost from school work can be "picked up" within the year.

The call of war work and the armed service has greatly diminished the number of teachers available for positions. The young man training for a teaching position has entered the army. Women are rapidly replacing men teachers, which tends to shorten the supply on the distaff side. Married teachers are being used in many towns where only single teachers were employed when there were not enough positions for all candidates. It behooves any school board to make every attempt within reason to retain the good teachers which they now have. Replacements of the same quality at the same salary are hard to find.

Curriculums have been streamlined to the war effort. Many more boys are taking shop courses. Many boys are taking pre-induction training in mechanical subjects to fit them for a better job in army life. This is a mechanical war! Colleges are accepting Seniors from approved high schools into their Freshman classes before they finish their Senior year in high school. Physical education programs to shorten the period normally required for the "toughening up process of army recruits" are being instituted in most high schools—including ours. Courses in aeronautics, as well as model aircraft building, have been installed in our schools. All items mentioned in this paragraph have been requested by the Federal government.

Many Junior and Senior boys have left school to join the armed forces or work on farms and in war industries. For the first time in our school history the plan of having a larger high school with opportunities for a wider field of studies and courses offered has reacted adversely for the local tax-payer. The school budget shows a decline in estimated income of twelve

hundred dollars from tuition receipts. Actually we have lost tuition pupils in excess of this amount, but not enough from any one class to warrant cutting down the number of teachers employed in the system.

The high school building is in much greater use this year than in former years. All basketball practice and games have taken place in the high school gymnasium. The out of school youth classes in mechanics, courses in Home Nursing, First Aid and other related subjects are being taught evenings. The anticipated savings in fuel resulting from insulating the high school building have not been forthcoming due to these circumstances.

It has been of great benefit to the high school students to have the use of the equipment and machinery furnished by the Federal government for the out of school Youth program. We have, with this equipment, a very finely equipped shop for a small high school. Metal turning lathes, electric and acetylene welding outfits, drill presses, power grinders, forge, anvils and numerous small tools are available for high school use. We hope that Uncle Sam will leave them with us after the war is over.

We should like to encourage more parents to visit the schools. See how subjects are taught today. You will be amazed at the change in technique from the time when you went to school. Subjects taught are tied in with practical uses in after school life. This includes all courses from reading to shop.

In these times of high taxes, the amount of money appropriated for school purposes seems larger than ever. Many expenses require appropriations by state law. The others have been carefully studied by the board and this year's budget figures are at rock bottom. Only by eliminating certain phases of the work could expenses be further reduced without sacrificing the high standards which we have set for our schools.

What some people would call superfluous in a school system seem entirely worth while even in these times. The program of music has developed many fine vocalists and instrumentalists. Group singing is very popular with both boys and girls. Anyone who has heard our school groups sing at various public functions has been greatly impressed by their ability and finesse. Much credit is due the ability and exemplary enthusiasm of our music supervisor.

The physical education program has become even more necessary than in past years. Suffice to say that Peterborough boys have been very acceptable for duty in the various services.

The health program continues to constantly check the health of your children. Many bodily defects are caught and

reported to parents before they become serious or retard the child. None of the child maladies have become widespread enough to require closing of the schools in past years.

The recommendations of the building committee presented at the last school meeting have been affected. A storage building has been constructed at the rear of the High School building. This has liberated much space in the main building for more active use. Much of the work on this building was done by the shop students under the direction of their instructor.

There is an article in this year's warrant calling for the purchase of a certain portion of the E. W. Jones real estate so called for school purposes. The possibility of the alleviation of certain bus problems and additional room for the high school have prompted this action. It also makes possible a building site for future schools if and when Peterborough should decide that conditions warrant such action. Even though the future may indicate that other sites might be more desirable, the loss in taxable property by acquisition of this land would be practically nil. It would seem to be good insurance to have this property owned by the town pending future action by the voters.

In closing we wish to call attention to other school reports included in this booklet. The detailed discussion in the Superintendent's and Headmaster's reports should be of interest to all. In an attempt to save expense the activities of the Central School, music supervisor, school nurse, physical education program and West Peterborough school have been included in them. The financial statements have been curtailed, going into detail only on controversial expenses. We, of the Board, appreciate that Peterborough citizenry wants the standards of its schools maintained but also that expenses should be watched carefully since taxation has become a major problem in the life of everyone.

DONALD K. MCLEOD

DANE P. CUMMINGS

MARY A. MORSE

Peterborough School Board.

PETERBOROUGH SCHOOL BOARD'S BUDGET
For 1943-1944

	Proposed 1943-44 Budget	1942-43 Budget
Support of Schools:		
1. Teachers' Salaries	\$31,350 00	\$31,350 00
2. Books and Supplies	2,500 00	2,850 00
3. Flags and appurtenances	15 00	15 00
4. Other expenses of instruction	250 00	250 00
5. Janitor service	3,000 00	3,000 00
6. Fuel	1,800 00	1,800 00
7. Water, Light, Janitors' supplies	1,300 00	1,450 00
8. Minor repairs and expenses	700 00	1,000 00
9. Health supervision	1,050 00	1,050 00
10. Transportation	6,600 00	6,600 00
11. Other special activities	100 00	100 00
	\$48,665 00	\$49,465 00
Other Statutory Requirements:		
1. Salaries of District officers	\$ 200 00	\$ 200 00
2. Supt's excess salary	625 00	625 00
3. Truant officer and census	35 00	35 00
4. Per capita tax	758 00	772 00
5. Payment of interest	600 00	800 00
6. Payment of debt	5,000 00	5,000 00
7. Expense of administration	675 00	675 00
8. Insurance	471 00	471 00
9. New equipment	150 00	150 00
	\$ 8,514 00	\$ 9,028 00
Grand Total	\$57,179 00	\$58,493 00
Estimated Income:		
1. Dog Tax	\$ 400 00	\$ 300 00
2. Tuition receipts	4,300 00	5,500 00
3. Miscellaneous	400 00	400 00
	\$ 5,100 00	\$ 6,200 00
To be raised	\$52,079 00	\$52,293 00
